

# PORTABLE ELECTRIC GRIDDLE

*"Serving Those Who Serve The Very Best"®*

- Exclusive MIRACLEAN® surface
- Saves 44% in clean-up
- Stainless Steel cabinet
- Ideal for rush periods
- Can be mounted onto cantilevered stand

The Keating Portable MIRACLEAN® Electric Griddle is designed to provide maximum performance with the benefits of a mobile unit. The mirror surface of the MIRACLEAN® is achieved in a special eight step process. Heat is kept on the surface allowing you to cook at lower temperatures while preventing over caramelization and flavor transfer.

### PORTABLE CONVENIENCE

Encased in a stainless steel cabinet and mounted on casters, the Keating Portable griddle can be used as an auxiliary unit during breakfast, lunch and dinner when peak rush times are high. The convenience of added cooking capacity helps provide faster service for your customers because it's perfect for toasting buns, grilling sandwiches, and much more.

\*Griddle and stand sold separately.

### SAVES 44% IN CLEAN UP

A documented study conducted by the University of Illinois General Engineering department confirmed what has long been known by MIRACLEAN® operators that cleaning the MIRACLEAN® saves time! 44% savings means less labor cost and higher productivity. Cleaning a MIRACLEAN® surface takes just three easy steps: scraping with the Keating Scraper, washing with the Palmetto brush and water, and using Keating Klenzer and a damp cloth to polish.
